● EXTENSION OF CAMPUS COMMUNITY

As many students and learners struggle to feel a sense of community and belonging in a digital environment, Pisces was designed to minimize the barriers to connection and collaboration that other online conferencing platforms fail to address.

We believe that human connection is at the heart of learning, and Pisces includes features that keep students focused, engaged, and feeling a sense of belonging and community.

● DESIGNED FOR EDUCATION

Standard web-conferencing tools have definitely worked for educational institutions during times of crisis, but they fail to help students and educators stay connected and motivated for the long term. Web conferencing for business is much different than web conferencing for learning and community building.

Pisces is designed to keep students focused and engaged in an online format where even the smallest of distractions or technical disruptions can derail an entire session.

A BETTER ONLINE COLLABORATION TOOL TO MAKE DISTANCE LEARNING HUMAN AGAIN

Reliable and Effective Online
Conferencing Platform
Designed Specifically to
Build Student Confidence and
Cultivate Engaging Relationships
