Technical/Platform Training (Leader Tools: Live & Drop-off Modes, Calendar, RTR)

This weekly webinar focuses on the Pisces features that are of particular interest to tutors. We look more closely at the live and drop-off modes available in the system, setting your availability for scheduled appointments, and the features available in the collaboration space.

Translating In-Person Strategies to be Effective in Online Tutoring Sessions

During this weekly webinar, with a NetTutor co-host, we highlight our “hybrid” functionality—where campus tutors use Pisces to provide online tutoring for subjects during the days/times they can cover, then NetTutor supplements that availability. Campus tutors can offer 1:1 or group tutoring with or without appointments, and NetTutor offers drop-in, on-demand availability.

NetTutor Jam Sessions

Available only to Pisces partners, these candid sessions invite campus tutors to interact directly with NetTutor tutors. Campus tutors can ask anything about online tutoring, and our tutors will share their experiences.

To schedule your jam session, contact your RSM or submit your request to support@linksystems.atlassian.net including your name, institution, and contact info.
